

Young Stud

There was a guy way younger than me at his last teen, he was about 19 then and I would 35, a housewife with 2 school going sons. The guy always tried to flirt with me and the way he used to talk, it would make me wet. Many a times he offered me to go out with him but I would always laugh and say "oh yes some day we will".

But in fact I had never thought to go out with him. He was a handsome and well built muscular young guy. Once My husband had gone out of town on a business trip for a week and on third day I was missing him badly feeling horny. My sex desire reminded me of that guy and I decided to seduce and call him. When my kids were in school and I was alone in home, I called him over for a surprise. He told me that he would be here within 15 minutes, so I was ready to have fun. I took him straight to my bed room and took off my shalwar and then helped him to take off his clothes. I was glad to see and touch his hairy chest. He hesitated to take off his trousers so I did it myself. His cock was really good, erect hard with good shape and size. I told him to take off my shirt and he helped me to get rid of Kameez (Shirt). I kissed him and we went to Bed. He looked nervous so I kissed him and hugged him. I grabbed his Dick and kissed the head of that hard cock. I laid down on bed and waved my arms for him to welcome in my arms. He came and laid down with me but his cock lost its erections leaving me disappointed. But I thought, may be it is his first time and if today I reject him. It would be very bad for him to perform in future. I decided to counsel and treat him with kindness. I kissed him talked with in very romantic mood and keep touching his cock. After 15 minutes I felt his growing boner so I took it in mouth and sucked well for about 5 minutes His erection came back in full bloom. I sit on him and guided his dick to my eagerly waiting pussy and I fucked him till he filled me up with his cum load. I was very glad to help him and he was very obliged. I did not asked him to do

again though I needed him badly for 2nd round. I told him to come tomorrow again same time. He happily came back with full readiness and that day his performances were exemplary. He fucked me like a stud and pleased with his harder strokes. We did 3 times that day. After that Whenever I got chance I enjoyed his young desirable erection in different times and ways.
